

## SATA POINTS BASIS FOR 2009/2010 RANKINGS

### SATA TOURNAMENTS

How to find which POINTS TABLE applies to your tournament section (in SATA Tournaments) ...

Strength	New Table				
	Open	u18	u16	u14	u12
8	9	8	7	6	5
7	8	7	6	5	4
6	7.5	6.5	5.5	4.5	3.5
5	7	6	5	4	3
4	6.5	5.5	4.5	3.5	2.5
3	6	5	4	3	2
2	5.5	4.5	3.5	2.5	1.5
1	5	4	3	2	1

Look down the strength column to find the Tournament strength that you are dealing with  
(eg 7 for a Keyhealth Tournament)

Then move across to the Age Group you are dealing with

The number in the Block for your strength and Age group combination represents a TABLE Number  
(eg for u14 strength 4, you would be looking down 5 rows and across 4 columns - to find a block with "3.5" in it)

The points for that Table Number can then be looked up in the TABLES (for the appropriate SECTION SIZE)

### SECTION SIZES and EFFECT on POINTS TABLES

SATA's standard format of play is to have a section that comprises a 32 Main Draw with Qualifying Rounds  
The total number of players in such a section is 24 Auto Acceptances + 32 in Qualifying Rounds  
This makes a section size of 56 players, who play to earn positions 1 - 56.

The "SIZE 56" Points Tables apply for Sections of this nature.

Where a Section cannot raise more than 32 players, SATA use a format to fit the number of players.  
eg. 8 players will play a Compass format size 8  
9 - 16 players will play a Compass format size 16  
17 - 32 players will play a Compass format size 32

Each of these alternate SIZES has its own set of Points TABLES

### NOTES (about the POINTS Tables)

The Winner of The GOLD Section earns the same points as Position 32 in the PLATINUM section  
The Winner of The SILVER Section earns the same points as Position 32 in the GOLD section

As the Table Number decreases by 1, the points earned by the winners halve  
eg. Table 10 winner earns 1,000,000 and Table 9 winner earns 500,000

The points curve within a table is designed to ensure that the points halve every 2 rounds back  
eg. Position 4 (losing semi-finalist) earns half the points of the Winner.  
and Position 16 earns half the points of position 4

Doubles Points are the same as Singles Points

Players considering playing up an age group must now consider questions like :  
If I can win my own section, can I reach semi's in the age above (for the same points)

### Mapping of Points for International Tournaments

The previous method of converting international points to SATA points using fixed factors has been replaced by a method whereby each level of International Tournament is mapped to an equivalent table in the SATA points tables, based on an assessment of the strength of such tournaments relative to SATA tournament strengths..

The points are then assigned from the appropriate Table using the position attained.

The TABLE NO mapping is shown in the grid below.
